Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:
- Accessing Explicit Teaching professional development in the key area of spelling using the Christine Killey suite of resources and school visits.
- Purchasing additional teacher aide time to enable teachers to work directly with student with needs in targeted spelling and reading groups.
- Purchase teacher fractions to continue to support students through learning support programs in the Early Years of schooling.
- Continue to monitor targeted student performance regularly to diagnose learning needs and administer intervention strategies.
