**Under the Investing for Success Agreement for 2016  
Kumbia State School received**

**\$36,015**

Our full 2016 agreement can be found at: [2016 agreement](#)

### Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Build the capacity of teachers working in teaching teams to target students' individual learning needs through effective differentiation strategies.
- Invest in teacher aide support and professional development in the key areas of reading, spelling and numeracy.
- Develop teacher understanding of problem solving pedagogy and embed a whole school approach to teaching problem solving within the school's mathematics plan.
- Continue to monitor targeted student performance regularly to diagnose learning needs and administer interventions strategies.
